NATIONAL DEVELOPMENT TEAM APPLICATION FORM 2025

This application form is for individuals seeking membership and inclusion in the **Development Team** of the Malaysian Jiu-Jitsu Federation (MJJF).

The Development Team serves as a crucial breeding ground for talent and skill development, nurturing promising talents and providing specialised training for individuals who aspire to become **National Athletes** and future ambassadors of Malaysia Jiu-Jitsu. Athletes who are accepted to be part of the Development Team will be invited to participate in centralised training sessions.

National Athletes represent the pinnacle of Malaysia Jiu-Jitsu, showcasing exceptional skill and commitment while representing Malaysia at esteemed international events such as the SEA Games and Asian Games. These athletes, having emerged from the Development Team or achieved outstanding standards independently, embody the fruition of talent nurtured in Malaysia, showcasing the success of our country's development process in cultivating top-tier representatives.

This Development Team serves multiple purposes:

1. **Talent Cultivation:** The Development Team acts as a platform to identify and nurture promising talents, providing them with resources and specialised training to enhance their skills. Being part of the Development Team provides a pathway for individuals to progress towards becoming National Athletes. It's an intermediate stage where athletes can hone their skills and prove their commitment.
2. **Potential Sparring Partners:** Members of the Development Team also serve as valuable sparring partners for National Athletes. Their inclusion facilitates rigorous training sessions.

Applicants interested in becoming part of the Development Team are required to complete this form comprehensively, providing detailed personal information, competitive backgrounds, coach endorsements, and other pertinent details. By submitting this application, candidates aim to demonstrate their adherence to the specified criteria set by the MJJF, indicating their suitability and commitment to contributing positively to the Development Team's objectives.
